

# on the shelf

north canton public library and the little art gallery

fall 2013

## exploring what makes us unique (some things you might not have known)

1. We house an art gallery with a full-time curator. The gallery began in 1930 in a second floor room of the NCPL, which was then located in a frame house on Main Street where the YMCA currently stands. The current building was opened in 1953 with an area designated specifically to be the Little Art Gallery.
2. We are an independent library in Stark County.
3. We have a dedicated children's department on its own floor, allowing kids to be kids without worry of disrupting adults on the first floor.
4. We are strongly dedicated to involvement in the North Canton community from hosting Family Films in Bitzer Park, to participating the Main Street Festival, to hosting a community involvement fair (save the date: November 16), to encouraging staff members to serve on committees and boards that aim to better the community.
5. We're making a commitment to environmental sustainability and corporate social responsibility.
6. We house a larger than average collection of large print books to meet the needs of the senior population in North Canton.
7. We offer a library exploration guidebook giving patrons an opportunity to be rewarded by our community partners for simply using the library.
8. We have a full-time staff person dedicated to assisting patrons with their eReader and other technology questions.
9. We offer high quality art classes for ages preschool through adult.
10. We have a dedicated "lounge" for young adults. It's filled with teen reading materials and provides a comfortable, safe space for hanging out.
11. We offer many valuable resources for educators and parents. You can read all about them on page seven.
12. We're being recognized for our good work and were recently one of 15 libraries in the nation awarded a party for 100 children in celebration of the 15th anniversary of *Harry Potter and the Sorcerer's Stone*. We think it's a big deal.

## a harry potter win!

The party was held August 27, and it was kind of awesome.

# Summer Reading Program Success!

We're excited to report that 1,275 children registered for the 2013 summer reading program, an increase over the number registered in 2012! More than 50 percent of those registered completed the full program. Hooray!

We're grateful to all of the businesses that donated prizes for this year's summer reading program.

# back to school with NCPL

Now that back to school is in full swing in North Canton, we encourage you to take advantage of the many resources we offer for students, parents and educators.

## Literacy Link Activities

These kits help children build language skills with a game and corresponding book.

## Hooked on Phonics Sets

We offer a large selection of kits from this popular tool that helps struggling children learn to read.

## Reading Center Kits

These great tools help children practice their literacy skills.

## Beginner Books

Browse through our large collection of beginner books, including phonics and sight word based books.

## Audio Books

Listening to a story while reading along is a great way for a child to improve reading skills. Check out our collection of books with CDs and our preloaded devices such as Go Readers or Playaways.

## Leap Frog Tag Readers

Borrow one of our many Tag Reader books or games to help make learning to read more fun. (Tag Reader Pen not included)

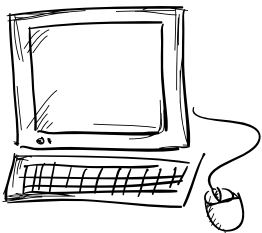

## Databases

We provide online databases that help with reading, comprehension and school reports through the library's website. All you need is a library card and PIN to access these anywhere, including the classroom!

TEACHERS: Use these databases with your SMART Board!

**PebbleGo:** a K-3 database that makes research and literacy accessible for the youngest students.

**BookFlix:** an online literacy resource that pairs classic video storybooks with related nonfiction.

**TrueFlix:** an online resource that leverages the award-winning True Books content to help students hone literacy skills, build knowledge of subject-area content and cultivate 21st Century Skills through the inquiry process.

**FreedomFlix:** an online resource that transforms content from the highly successful Cornerstones of Freedom

series into enhanced eBooks. FreedomFlix aligns to the Common Core Standards by featuring multiple text types and a cross-curricular, nonfiction focus.

## All Flix Programs

- Include timely and engaging content that is accessible for all patrons
- Provide digital tools for homework help and research
- Support the Common Core Standards and the school and homeschool curriculum

## Math in a Bag

Children improve their math skills using the fun tools in these bags.

## Hooked on Math Sets

We offer a large selection of kits from this popular tool that helps children improve their math skills.

## Math Center Kits

These kits provide more math skill practice.

## Science in a Bag

Children improve their science skills using the fun tools in these bags.

## Themed Activity Kits

Our TAKits include a selection of books, activities, worksheets and games all based around a central theme such as bugs, dinosaurs, safety and holidays.

I'm a Book: Memoir

I've had a wonderful life as a children's book from the time my story and artwork were published. I came to live with a delightful family with small children. Nightly, I was chosen to be read as a bedtime story. I loved the laughter of the children and how they viewed my beautiful pictures. The time came as a shock when I was placed into a dark box and put in storage. How I missed the sounds of joy and giggles, but I must have fallen asleep.

One day I felt great movement. I found myself at the North Canton Public Library in the Friends' stack room. Someone with gentle hands carefully cleaned me. Then I found myself in a big room with many tables of books and lots of people choosing to take some home. I guess it was a Friends' Book Sale. I kept thinking, "Choose me! Choose me!" and a new family did. Then I thought, "Yippee! Here I go again!"

### Friends of the Library Meetings

Second Thursday of the month at 6 p.m.  
New friends welcome

Look for this icon throughout the library to see the many ways the Friends support the library.

## the little art gallery

In North Canton, we are fortunate to have the Little Art Gallery, a public facility devoted to the cultural enrichment of children and adults alike. This small art museum provides monthly exhibitions all year long to encourage local artists and craftsman, and to enhance the appreciation of fine art by the general public. Additionally, the Little Art Gallery offers art classes for aspiring artists of all ages.

Friends of the Little Art Gallery (FLAG) was formed in 1968 to assist and promote the Little Art Gallery and remains committed to this purpose today. FLAG supports the gallery through providing cash awards for the annual May Show, hosting receptions for exhibiting artist, offering scholarships for gallery sponsored classes, purchase of original works of art and assisting with capital improvements to the gallery.

FLAG will serve as the library's partner for "explore the world of arts/crafts" month in December.
